

UPM Biofore - Beyond Fossils

UPM leads the forest-based bioindustry into a sustainable, innovation-driven, and exciting future across six business areas. We create renewable and responsible solutions that replace fossil-based materials in everyday uses.

Our Strategy

We are committed to the UN Business Ambition for 1.5°C and have set ambitious science-based targets to mitigate climate change. We practice climate-positive forestry and innovate in circular economy solutions.

Key Innovations:

1. UPM Raflatac: Sustainable labeling materials that reduce carbon footprint.
2. UPM Biofuels: Renewable diesel and naphtha innovation for decarbonized transport.
3. UPM Specialty Papers: High-quality papers for packaging and labeling.

We employ approximately 15,800 people worldwide and our annual sales are approximately €10.3 billion. We are listed on Nasdaq Helsinki Ltd.
